Communication Matters:

Because great communicators are made, not born.

Through *Communication Matters*' highly interactive program, students learn that our instincts aren't as good as we think they are and develop the skills needed to become effective communicators. The program prompts students to question their assumptions, helps them to move beyond their personal daily communication experiences, and challenges them to think critically about why and how they communicate in the ways they do.

Connect for *Communication Matters*, Second Edition, reflects our increasingly diverse, interactive, and digital world by using hands-on features. Through an interactive eBook, a suite of student videos for public speaking, and dynamic online activities, students are urged to consider which choices are likely to be effective and which less so. LearnSmart, McGraw-Hill's adaptive learning system, assesses students' knowledge of course content and maps out personalized study plans for success. The result: Students are able to internalize core communication principles, adapt their communication behavior more effectively, and actively apply those strategies to all aspects of their lives.

Editorial Review

About the Author

Roxy Peck is Emerita Associate Dean of the College of Science and Mathematics and Professor of Statistics Emerita at California Polytechnic State University, San Luis Obispo. A faculty member at Cal Poly from 1979 until 2009, Roxy served for six years as Chair of the Statistics Department before becoming Associate Dean, a position she held for 13 years. She received an M.S. in Mathematics and a Ph.D. in Applied Statistics from the University of California, Riverside. Roxy is nationally known in the area of statistics education, and she was presented with the Lifetime Achievement Award in Statistics Education at the U.S. Conference on Teaching Statistics in 2009. In 2003 she received the American Statistical Association's Founder's Award, recognizing her contributions to K-12 and undergraduate statistics education. She is a Fellow of the American Statistical Association and an elected member of the International Statistics Institute. Roxy served for five years as the Chief Reader for the Advanced Placement Statistics Exam and has chaired the American Statistical Association's Joint Committee with the National Council of Teachers of Mathematics on Curriculum in Statistics and Probability for Grades K-12 and the Section on Statistics Education. In addition to her texts in introductory statistics, Roxy is also co-editor of "Statistical Case Studies: A Collaboration Between Academe and Industry" and a member of the editorial board for "Statistics: A Guide to the Unknown, 4th Edition." Outside the classroom, Roxy likes to travel and spends her spare time reading mystery novels. She also collects Navajo rugs and heads to Arizona and New Mexico whenever she can find the time.

Users Review

From reader reviews:

Mary Torres:

Book will be written, printed, or created for everything. You can realize everything you want by a e-book. Book has a different type. As you may know that book is important thing to bring us around the world. Close to that you can your reading ability was fluently. A publication Communication Matters - Standalone book will make you to possibly be smarter. You can feel considerably more confidence if you can know about almost everything. But some of you think that open or reading some sort of book make you bored. It isn't make you fun. Why they may be thought like that? Have you looking for best book or acceptable book with you?

Deborah Ayers:

Spent a free time to be fun activity to accomplish! A lot of people spent their down time with their family, or their particular friends. Usually they accomplishing activity like watching television, planning to beach, or picnic in the park. They actually doing same every week. Do you feel it? Would you like to something different to fill your current free time/ holiday? Might be reading a book may be option to fill your free time/ holiday. The first thing you ask may be what kinds of guide that you should read. If you want to test look for book, may be the reserve untitled Communication Matters - Standalone book can be great book to read. May be it may be best activity to you.

Evelyn Wiley:

This Communication Matters - Standalone book is great reserve for you because the content and that is full of information for you who have always deal with world and get to make decision every minute. This book reveal it info accurately using great organize word or we can declare no rambling sentences inside it. So if you are read the idea hurriedly you can have whole details in it. Doesn't mean it only provides you with straight forward sentences but tricky core information with splendid delivering sentences. Having Communication Matters - Standalone book in your hand like obtaining the world in your arm, details in it is not ridiculous a single. We can say that no book that offer you world in ten or fifteen tiny right but this guide already do that. So , it is good reading book. Heya Mr. and Mrs. stressful do you still doubt that?

Keith Mayo:

What is your hobby? Have you heard in which question when you got students? We believe that that issue was given by teacher on their students. Many kinds of hobby, All people has different hobby. And you also know that little person like reading or as studying become their hobby. You have to know that reading is very important along with book as to be the matter. Book is important thing to increase you knowledge, except your current teacher or lecturer. You discover good news or update in relation to something by book. A substantial number of sorts of books that can you decide to try be your object. One of them is niagra Communication Matters - Standalone book.
