### Editorial Review

#### Review

"An excellent starting point for those interested in exploring American fringe political movements since 1930, especially considering that the 2008 election of a liberal African American president has spurred increased activities from some of the movements documented here. Divided into three sections (white supremacist and neo-Nazi groups, far-right religious movements, antigovernment extremists), each entry provides rich insight into nearly 1,000 fringe and not-so-fringe (e.g., the Ku Klux Klan) movements. With extensive notes and a meticulous bibliography." - **Library Journal Online, Starred Review**

#### About the Author

**Stephen E. Atkins** was associate university librarian for collection management at Texas A&M University, College Station, TX.

### Users Review

#### From reader reviews:

##### **Alex Lynch:**
