### Editorial Review

From Publishers Weekly

Since escaping her abusive cop husband and moving to Chicago seven years earlier, Mary Grace Winters has reinvented herself. With the help of a safe house for battered women, she changed her name to Caroline Stewart and her son's to Tom and secured a secretarial position at Carrington College. But unbeknownst to Caroline, her husband is on her trail, determined to reclaim his son and kill anyone who stands in his way. Meanwhile, Caroline struggles to live a normal life and open her heart to the love of a good man, Max Hunter. A handsome history professor and former NBA star, Max still bears physical and emotional scars from a long-ago car crash. But as their whirlwind romance progresses, enhanced by generous doses of steamy sex, Max realizes that Caroline's reluctance to commit stems from her past fears, not repulsion over his injury. Despite one stormy scene, in which Caroline and Max fling insults at each other and compare scars, first-time author Rose handles her subject matter well. She informs without preaching and allows her characters to sort through their emotions in a mature manner. As gripping as a cold hand on the back of one's neck, but tempered by lovable characters and a moving romance, this assured debut bodes well for Rose's future books.
