**FE Chemical Review Manual** By Michael R. Lindeburg PE

## The Most Comprehensive Book for the Computer-Based FE Chemical Exam

The *FE Chemical Review Manual* offers complete coverage of FE Chemical exam knowledge areas and the relevant elements—equations, figures, and tables—from the NCEES *FE Reference Handbook*. With mini-exams to assess your grasp of the exam’s knowledge areas, and concise explanations of thousands of equations and hundreds of figures and tables, the *Review Manual* contains everything you need to succeed on the FE Chemical exam.

The *Review Manual* organizes the *Handbook* elements logically, grouping related concepts that the *Handbook* has in disparate locations. All *Handbook* elements are shown in blue for easy identification. Equations, and their associated variations and values, are clearly presented. Descriptions are succinct and supported by exam-like example problems, with step-by-step solutions to reinforce the theory and application of fundamental concepts. Thousands of terms are indexed to facilitate cross-referencing.

Entrust your FE exam preparation to PPI and get the power to pass the first time—guaranteed.

## Topics Covered

- Chemical Reaction Engineering
- Chemistry
- Computational Tools
- Engineering Sciences
- Ethics and Professional Practice
- Fluid Mechanics/Dynamics
- Heat Transfer
- Mass Transfer and Separation
- Material/Energy Balances
- Materials Science
- Mathematics
- Probability and Statistics
- Process Control
- Process Design and Economics

- Safety, Health, and Environment
- Thermodynamics

### **Editorial Review**

#### **About the Author**

Michael R. Lindeburg, PE, is one of the best-known authors of engineering textbooks and references. His books and courses have influenced millions of engineers around the world. Since 1975, he has authored over 30 engineering reference and exam preparation books. He has spent thousands of hours teaching engineering to students and practicing engineers. He holds bachelor of science and master of science degrees in industrial engineering from Stanford University.

### **Users Review**

#### **From reader reviews:**

##### **Nancy Wiersma:**

What do you about book? It is not important with you? Or just adding material when you require something to explain what the ones you have problem? How about your spare time? Or are you busy man? If you don't have spare time to try and do others business, it is make you feel bored faster. And you have free time? What did you do? Every individual has many questions above. They should answer that question simply because just their can do which. It said that about guide. Book is familiar in each person. Yes, it is proper. Because start from on jardín de infancia until university need this kind of FE Chemical Review Manual to read.

##### **Gustavo Cyr:**

This book untitled FE Chemical Review Manual to be one of several books which best seller in this year, honestly, that is because when you read this book you can get a lot of benefit into it. You will easily to buy this specific book in the book retailer or you can order it through online. The publisher on this book sells the e-book too. It makes you more readily to read this book, because you can read this book in your Smart phone. So there is no reason to you to past this publication from your list.

##### **Jessica Jennings:**

FE Chemical Review Manual can be one of your starter books that are good idea. Most of us recommend that straight away because this publication has good vocabulary that will increase your knowledge in words, easy to understand, bit entertaining but nonetheless delivering the information. The author giving his/her effort to place every word into joy arrangement in writing FE Chemical Review Manual yet doesn't forget the main level, giving the reader the hottest and based confirm resource facts that maybe you can be certainly one of it. This great information could drawn you into fresh stage of crucial pondering.

##### **Victor Brown:**

Beside this specific FE Chemical Review Manual in your phone, it might give you a way to get more close to

the new knowledge or facts. The information and the knowledge you may got here is fresh from oven so don't become worry if you feel like an previous people live in narrow community. It is good thing to have FE Chemical Review Manual because this book offers to your account readable information. Do you at times have book but you rarely get what it's facts concerning. Oh come on, that would not happen if you have this in the hand. The Enjoyable set up here cannot be questionable, such as treasuring beautiful island. Techniques you still want to miss the item? Find this book in addition to read it from currently!
