2003 International Plumbing Codes Handbook By R. Dodge Woodson

In February 2003, the International Codes Council released the 2003 International Plumbing Codes; for the first time all plumbing codes are offered as one. Some regional differences remain, but now one agency will offer and maintain plumbing codes for the entire country. This book delves into both the new code's content and intent, explaining the code and its usage in real-world terms, with examples that make learning easy. This approach helps designers and installers minimize cost, and results in more profitable jobs installed in full compliance with code requirements. It digests and interprets the 2003 International Plumbing Codes. It is heavily illustrated with charts, photos, and tables. It includes examples and side-bars to simplify code requirements.

Editorial Review

From the Back Cover

YOUR ONE-STOP GUIDE TO THE NEWLY CONSOLIDATED PLUMBING CODE!

With plumbing codes now maintained by one governing agency -- rather than three -- plumbers now have a more efficient set of working rules. In McGraw-Hill's *2003 International Plumbing Codes Handbook*, these professionals get comprehensive coverage of this new system, all within the pages of a single, information-packed volume.

Written with authority by a veteran master plumber and master gasfitter, this indispensable resource digests and interprets the 2003 International Plumbing Code using real-world examples and clear, layperson's language.

With a wealth of informative illustrations, the *2003 International Plumbing Codes Handbook* is designed for the apprentice, the journeyman, and the master plumber alike — all so they can use these new codes to the fullest, and keep their work profitable.

Get detailed coverage of:

- * General regulations
- * Fixtures, faucets, and fittings
- * Water heaters
- * Water supply and distribution
- * Sanitary draining systems
- * Vents
- * Traps
- * Storm drainage
- * Permits and fees
- * Rainfall rates
- * Recycling gray water
- * And much more!

About the Author

R. Dodge Woodson is the owner of Advanced Plumbing and a licensed master plumber and licensed master gasfitter with over 25 years of field experience. He has written many bestselling books for McGraw-Hill and has served as adjunct faculty for Central Maine Technical College as an instructor of both plumbing code classes and plumbing apprentice classes. Woodson has been called America's plumber and is well known internationally for his expertise in the trade.

Users Review
