“The best phonics assessment around. Exceptional assistance for examiners in deciding independent, instructional and frustration reading levels. Extremely sensible discussion of phonics as it relates to reading ability.”

— Lee Dubert, Boise State University

Based on the time-tested criteria of the informal reading inventory, the research-based, clinically verified *Ekwall/Shanker Reading Inventory, Fifth Edition*, is the most coherent and comprehensive reading assessment instrument ever developed. It provides clear, easy-to-follow instructions that tell the examiner exactly how to go about conducting and interpreting the diagnosis. The instructions for both administering the test and formulating a diagnosis have been carefully refined in this edition to make them even more user-friendly!

Key Features:

- Comprehensive inventory offers the greatest number of tests in the market and enables the user to identify individual students' abilities in all areas of decoding and comprehension.
- Covers all areas critical to reading — including phonemic awareness, concepts about print, letter knowledge, basic sight words, structural analysis, fluency, and comprehension — making it the most thorough and accurate inventory available.
- Provides complete instructions and specific examples for translating the diagnosis into a clear and complete, yet concise diagnostic report.
- Basic sight vocabulary is tested in a quick test format as well as in isolation and in passage context.

New to the fifth edition:

- New instrument for direct assessment of context clue usage.
- Crib sheets are provided for every assessment.
- Reorganized to have crib sheets, test sheets and scoring sheets together for each assessment.

The Ekwall/Shanker Informal Reading Inventory is a great companion book to *Locating and Correcting Reading Difficulties* also published by this author team and Pearson Teacher Education.
