**General Chemistry: Atoms First, Books a la Carte Edition (2nd Edition)** By John E. McMurry, Robert C. Fay

**General Chemistry: Atoms First** starts from the building blocks of chemistry, the atom, allowing the authors to tell a cohesive story that progresses logically through molecules and compounds to help students intuitively follow complex concepts more logically. This unified thread of ideas helps students build a better foundation and ultimately gain a deeper understanding of chemical concepts. Students can more easily understand the microscopic-to-macroscopic connections between unobservable atoms and the observable behavior of matter in daily life, and are brought immediately into real chemistry—instead of being forced to memorize facts.

Reflecting a true atoms first perspective, the **Second Edition** features experienced atoms-first authors, incorporates recommendations from a panel of atoms-first experts, and follows historical beliefs in teaching chemistry concepts based and real experimental data first. This approach distinguishes this text in the market based whereby other authors teach theory first, followed by experimental data.

**NOTE: this is the the standalone Books a la Carte for General Chemistry: Atoms First, 2/e edition, if you want the Books a la Carte for General Chemistry: Atoms First, 2/e and access card order the ISBN below:**

0321813316 / 9780321813312 General Chemistry: Atoms First, Books a la Carte Plus MasteringChemistry with eText -- Access Card Package

Package consists of:

0321813030 / 9780321813039 General Chemistry: Atoms First, Books a la Carte Edition

0321834186 / 9780321834188 MasteringChemistry with Pearson eText -- ValuePack Access Card -- for General Chemistry: Atoms First

### **Editorial Review**

#### **About the Author**

Educated at Harvard and Columbia, John McMurry has taught approximately 17,000 students in general and organic chemistry over a 30-year period. A Professor of Chemistry at Cornell University since 1980, Dr. McMurry previously spent 13 years on the faculty at the University of California at Santa Cruz. He has received numerous awards, including the Alfred P. Sloan Fellowship (1969-71), the National Institute of Health Career Development Award (1975-80), the Alexander von Humboldt Senior Scientist Award (1986-87), and the Max Planck Research Award (1991). Professor of Chemistry Robert C. Fay has been teaching general and inorganic chemistry at Cornell University since 1962. Known for his clear, well-organized lectures, Dr. Fay was the 1980 recipient of the Clark Distinguished Teaching Award. He has also taught as a visiting professor at Harvard University and the University of Bologna, Italy. He has been an NSF Science Faculty Fellow at the University of East Anglia and the University of Sussex, England, and a NATO/Heineman Senior Fellow at Oxford University.

### **Users Review**

#### **From reader reviews:**

##### **Ethel Davidson:**

The guide with title General Chemistry: Atoms First, Books a la Carte Edition (2nd Edition) contains a lot of information that you can learn it. You can get a lot of benefit after read this book. This particular book exist new knowledge the information that exist in this guide represented the condition of the world at this point. That is important to yo7u to learn how the improvement of the world. This particular book will bring you throughout new era of the internationalization. You can read the e-book on the smart phone, so you can read that anywhere you want.

##### **Daryl Biddle:**

Are you kind of hectic person, only have 10 or perhaps 15 minute in your day to upgrading your mind ability or thinking skill perhaps analytical thinking? Then you are receiving problem with the book compared to can satisfy your short space of time to read it because all of this time you only find guide that need more time to be learn. General Chemistry: Atoms First, Books a la Carte Edition (2nd Edition) can be your answer given it can be read by an individual who have those short time problems.

##### **Thelma Brady:**

This General Chemistry: Atoms First, Books a la Carte Edition (2nd Edition) is completely new way for you who has fascination to look for some information mainly because it relief your hunger details. Getting deeper you in it getting knowledge more you know otherwise you who still having bit of digest in reading this General Chemistry: Atoms First, Books a la Carte Edition (2nd Edition) can be the light food in your case because the information inside this specific book is easy to get by anyone. These books create itself in the

form which can be reachable by anyone, yeah I mean in the e-book form. People who think that in guide form make them feel sleepy even dizzy this book is the answer. So there isn't any in reading a guide especially this one. You can find what you are looking for. It should be here for you. So , don't miss this! Just read this e-book variety for your better life as well as knowledge.

**Christine Smith:**

You may get this General Chemistry: Atoms First, Books a la Carte Edition (2nd Edition) by check out the bookstore or Mall. Merely viewing or reviewing it can to be your solve problem if you get difficulties for ones knowledge. Kinds of this book are various. Not only by written or printed and also can you enjoy this book through e-book. In the modern era similar to now, you just looking by your mobile phone and searching what their problem. Right now, choose your own personal ways to get more information about your reserve. It is most important to arrange you to ultimately make your knowledge are still change. Let's try to choose right ways for you.
