Infinity in the Palm of Her Hand: A Novel of Adam and Eve By Gioconda Belli

Prepare to enter a fascinating, primitive universe that goes back to the very beginning, to the story upon which Western civilization is based. Poetry and mystery go hand in hand in this transcendent novel about mankind, as never before imagined. Join Adam and Eve as they discover the world for themselves, feel their confusion and panic when they face punishment, and observe in awe as they experience the power to give life and, eventually, the ability to take it away to survive.

From internationally acclaimed poet and author Gioconda Belli comes a beguiling and soulfully rewarding novel—a parable that captures our own time and our own uncertain future.

Editorial Review

From Publishers Weekly

Belli's poetry and politics meld in this lyrical retelling of Adam and Eve. Here, the Serpent tempts Eve with freedom equal to that of Elohim, the God who created them, and history would begin if she ate of the fruit. But with the dawn of history comes the rudest of awakenings: confusion about worlds seen and unseen. Far from the simple characters of Bible class, the planet's first couple as drawn by Belli is layered with complexity and power. Eve may have been the first to bite the fruit, but she's also the creator of life and art; Adam wasn't just complicit in the original sin—he was the first philosopher (Perhaps we simply weren't aware that we would die. Maybe that was Paradise. The unfolding of knowledge and humanity is both primitive and breathtaking in Belli's view. And without abandoning the timeless biblical story, Belli manages to introduce a modern Darwinian element that's both stark and eloquent. Belli tackles Genesis with perception-rattling gravity. *(Mar.)*

From [Booklist](#)

Belli's philosophical re-creation of the Adam and Eve story is a transcendent meditation on a well-worn tale. Shimmering with provocative insight, the narrative repaints an Eden where all is not as straightforward as the Bible would have us believe. Adam and Eve are complex, humanistic creatures whose temptation and subsequent fall perhaps signal the intellectual, social, and artistic fruition of mankind. As the two struggle with new and unexpected challenges, joys, and sorrows, Eve and the serpent philosophize on a variety of searing and soul-searching topics. Rather than merely turning the biblical version on its head, Belli's luminous portrait of the first couple respectfully provides material for discussion and reconsideration. More multifaceted than Anita Diamant's *The Red Tent* (1997), this mystical rendering of Eden and beyond will be in demand by both fans of biblical fiction and book clubs. --Margaret Flanagan

Review

"A refreshing, moving version of the events in Genesis." (Criticas, Starred Review)

Users Review

From reader reviews:

Mamie Esters:

Book is written, printed, or outlined for everything. You can recognize everything you want by a reserve. Book has a different type. As it is known to us that book is important point to bring us around the world. Alongside that you can your reading skill was fluently.
