Lexicography: An Introduction By Howard Jackson

This book is an accessible introduction to lexicography – the study of dictionaries.

Dictionaries are used at home and at school, cited in law courts, sermons and parliament, and referred to by crossword addicts and *Scrabble* players alike.

Lexicography provides a detailed overview of the history, types and content of these essential references. Howard Jackson analyzes a wide range of dictionaries, from those for native speakers to thematic dictionaries and those on CD-ROM, to reveal the ways in which dictionaries fulfil their dual function of describing the vocabulary of English and providing a useful and accessible reference resource. Beginning with an introduction to the terms used in lexicology to describe words and vocabulary, and offering summaries and suggestions for further reading, *Lexicography: An Introduction* is highly student-friendly. It is ideal for anyone with an interest in the development and use of dictionaries.

Editorial Review

Review

From words to vocabulary, from vocabulary to dictionaries, from dictionaries to the provision of information about English for native speakers and foreign learners: Howard Jackson's brilliant introduction to lexicography makes us appreciate the fascination and complexity of both dictionary making and research.

–Reinhard Hartmann, University of Exeter

About the Author

Howard Jackson is Professor of English Language and Linguistics at the University of Central England, Birmingham.

Users Review

From reader reviews:

Earnest Jennings:

The book Lexicography: An Introduction can give more knowledge and also the precise product information about everything you want. Why then must we leave the best thing like a book Lexicography: An Introduction? A number of you have a different opinion about reserve. But one aim that will book can give many details for us. It is absolutely proper. Right now, try to closer using your book. Knowledge or facts that you take for that, it is possible to give for each other; you can share all of these. Book Lexicography: An Introduction has simple shape however, you know: it has great and massive function for you. You can appear the enormous world by open up and read a guide. So it is very wonderful.

Arnold Williams:

Your reading 6th sense will not betray you, why because this Lexicography: An Introduction reserve written by well-known writer who really knows well how to make book that can be understand by anyone who have read the book. Written within good manner for you, dripping every ideas and composing skill only for eliminate your personal hunger then you still hesitation Lexicography: An Introduction as good book not only by the cover but also by content. This is one guide that can break don't assess book by its cover, so do you still needing an additional sixth sense to pick this kind of!? Oh come on your reading sixth sense already alerted you so why you have to listening to an additional sixth sense.

Donald Bonilla:

That e-book can make you to feel relax. That book Lexicography: An Introduction was vibrant and of course has pictures around. As we know that book Lexicography: An Introduction has many kinds or genre. Start from kids until teens. For example Naruto or Private eye Conan you can read and believe you are the character on there. Therefore not at all of book are generally make you bored, any it can make you feel happy, fun and unwind. Try to choose the best book to suit your needs and try to like reading in which.

David Moore:

Reading a guide make you to get more knowledge from that. You can take knowledge and information coming from a book.
