Projects in Ethnographic Research By Michael V. Angrosino

Designed to give students a taste of what it is like to actually do ethnographic research, this brief manual offers a related set of three enriching yet manageable research projects with clear, workable instructions and guidelines. Through them, Professor Angrosino demonstrates for students at all levels that ethnography is an exciting and challenging form of social research. This solid, encouraging, and readable guide provides the basic format so that students can learn the fundamental ethnographic data collection techniques of observation, interviewing, and analyzing archives while conducting their own mini-projects in local settings. *Projects in Ethnographic Research* also includes many well-chosen, concrete, and illuminating examples drawn from the research of the author's own students and from the published works of other ethnographers.

Titles of related interest also available from Waveland Press: Angrosino, *Doing Cultural Anthropology: Projects for Ethnographic Data Collection*, Second Edition (ISBN 9781577664642); Marti, *Starting Fieldwork: Methods and Experiences* (ISBN 9781478632955); McCurdy et al., *The Cultural Experience: Ethnography in Complex Society*, Second Edition (ISBN 9781577663645); Spradley, *The Ethnographic Interview* (ISBN 9781478632078); and Spradley, *Participant Observation* (ISBN 9781478632085).

From the Inside Flap

"This compact guide lays out the relevant concepts, is chock-full of good examples, details how to go about the nitty-gritty of ethnographic research, and leads students through a cohesive series of projects to do their own original work."

— Steve Froemming, Bloomsburg University

Users Review

From reader reviews:

Ginger Knowles:

Do you have favorite book? For those who have, what is your favorite's book? Book is very important thing for us to understand everything in the world.
