Dear Readers,

Whether you're a current student just starting to explore a career with Goldman Sachs, or a few years out of school but considering a full-time analyst position, this book is your "one-stop shop" for all the tips and techniques you'll need to get that job and internship offer.

I've reviewed thousands of resumes and selected dozens of students for interviews; I will show you exactly what to highlight from your academic and work experience to catch a reviewer's attention. Don't have finance or work experience? I will explain what other characteristics to bring out from your academic and extra-curricular experience and even include my resume bullet points for reference.

I've attended numerous on-campus and networking events as both a student and Goldman Sachs representative, so I can teach you actionable strategies and things to say that will create a lasting impression with your potential interviewers. Feel uncomfortable speaking in groups where other people are acting like sharks circling its prey? I will teach you what research to do in advance and how to act in order to gracefully enter and exit these conversations.

Read on and I look forward to welcoming you to the Goldman Sachs family!
