Editorial Review

Review

The overarching guideline that emerges out of this well-written book is *be agile about being Agile*. It does not just tell us to do it, this guide tells us why, and then what, and goes on to show us how. --**Dr. Venkat Subramaniam**, founder of Agile Developer, Inc. and award-winning author

Agile Practices for Waterfall Projects can be added to the greatest hits collection of Agile books. The end result is a comprehensive guide for project managers to successfully bridge the gap between the two diverse methodologies of Agile and Waterfall. --**Maureen Weverka**, PMO Director, Mutual of Omaha

If you are looking to move to Agile, this guide clearly shows you how to use the methodology to implement and deliver projects in todays competitive market. --**David Geary**, Software developer and author of *Graphic Java* and *Core HTML5 Canvas*

About the Author

Barbee Davis, MA, PMP, PMI-ACP, and PHR, heads Davis Consulting, a provider of project management guidance and services. Barbee also works for the Project Management Institute (PMI). She is a R.E.P. Quality Reviewer for organizations who wish to be part of the PMI Registered Education Provider (R.E.P.) program. Ms. Davis leads special projects for PMI, such as the Students In Free Enterprise (SIFE) project that helps local PMI Chapters attract and educate college students about the project management field. She also created the PMI Intellectual Property Tutorial for R.E.P.s, which has been translated into eight languages. Over the past 5 years, Ms. Davis has written the semi-monthly column, *Quick Quizzes*, for the PMI *Community Post* that reached over 300,000 project managers worldwide. She also writes a similar feature, *Topic Teasers*, available through PMI Chapter newsletters.

Ms. Davis has designed and implemented projects in varied industries and managed large project rollouts for many large corporations. This ex-IBMer and former Wilson Learning facilitator is also proficient in online learning instructional design, having both written for and taught on Blackboard for universities and corporate clients. She has been on staff at the University of Nebraska at Omaha, Nebraska Wesleyan, and Bellevue University. As co-founder of ExecuTrain of Nebraska and Vice-President of Sales and Training, she has managed and provided technical training for solution developers and systems engineers, as well as offering end-user training on all platforms.

Besides holding the PMP certification, Barbee also has an Agile Practitioner Certification (PMI-ACP), a black belt in Microsoft Project, a Professional in Human Resources (PHR) accreditation, and an American Society of Training and Development Training Certificate in instruction, facilitation, and instructional design. She is a popular and sought-after speaker around the world, especially on merging Agile practices with *PMBOK Guide* processes to bridge the gap between the sometimes warring methodologies.

Users Review

From reader reviews:

Curt Roepke:

What do you concerning book? It is not important along? Or just adding material when you really need something to explain what your own problem? How about your time? Or are you busy man or woman? If you don't have spare time to do others business, it is make one feel bored faster. And you have free time? What did you do? Everybody has many questions above. The doctor has to answer that question mainly because just their can do which. It said that about e-book. Book is familiar on every person. Yes, it is suitable. Because start from on jardín de infancia until university need this particular Agile Practices for Waterfall Projects: Shifting Processes for Competitive Advantage to read.

Virgie Tauber:

Reading a e-book tends to be new life style in this particular era globalization. With examining you can get a lot of information that can give you benefit in your life. Along with book everyone in this world could share their idea. Publications can also inspire a lot of people. A lot of author can inspire their reader with their story or perhaps their experience. Not only situation that share in the guides. But also they write about the data about something that you need example. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book which exist now. The authors in this world always try to improve their expertise in writing, they also doing some analysis before they write with their book. One of them is this Agile Practices for Waterfall Projects: Shifting Processes for Competitive Advantage.

Wayne Gaddis:

Are you kind of stressful person, only have 10 or even 15 minute in your time to upgrading your mind talent or thinking skill also analytical thinking? Then you are receiving problem with the book compared to can satisfy your small amount of time to read it because all this time you only find guide that need more time to be examine. Agile Practices for Waterfall Projects: Shifting Processes for Competitive Advantage can be your answer as it can be read by you who have those short free time problems.

Steven Hackett:

This Agile Practices for Waterfall Projects: Shifting Processes for Competitive Advantage is fresh way for you who has attention to look for some information given it relief your hunger associated with. Getting deeper you on it getting knowledge more you know or perhaps you who still having bit of digest in reading this Agile Practices for Waterfall Projects: Shifting Processes for Competitive Advantage can be the light food for yourself because the information inside this kind of book is easy to get by anyone. These books develop itself in the form which is reachable by anyone, yes I mean in the e-book form. People who think that in book form make them feel drowsy even dizzy this guide is the answer. So there is absolutely no in reading a reserve especially this one. You can find what you are looking for. It should be here for a person. So , don't miss this! Just read this e-book style for your better life in addition to knowledge.
