### **Synchronicity: The Art of Coincidence, Choice, and Unlocking Your Mind**

By Kirby Surprise

The experience of meaningful coincidences is universal. They are reported by people of every culture, every belief system, and every time period. Synchronicity examines the evidence for the human influence on the meaningfulness of events, and the way the modern computational model of the mind predicts how we create meaning. It demonstrates that these events, based on the activity of the mind, are caused by the person who perceives them. In this fascinating work, you will: Learn to use your amazing ability to create synchronistic events Discover how your mind creates the reality you experience Unlock your brain-s vast resources of connectivity and creativity Change from living as a separate being to living as a part of the unified whole Synchronicity will show you how you already create events around you, and make you a conscious co-creator of your reality. Dr. Surprise describes the miracles of your brain-s processes, merging the worlds of modern physics and ancient mysticism to reveal abilities you have always possessed, but which were not fully understood-until now. Learn to make reality dance to the rhythms of your thoughts.
