## Textbook of Biochemistry for Medical Students By DM Vasudevan

The seventh edition of this book is a comprehensive guide to biochemistry for medical students. Divided into six sections, the book examines in depth topics relating to chemical basics of life, metabolism, clinical and applied biochemistry, nutrition, molecular biology and hormones. New chapters have been added to this edition and each chapter includes clinical case studies to help students understand clinical relevance. A 274-page free booklet of revision exercises (9789350906378), providing essay questions, short notes, viva voce and multiple choice questions is included to help students in their exam preparation. Free online access to additional clinical cases, key concepts and an image bank is also provided. Key points

- \*Fully updated, new edition providing students with comprehensive guide to biochemistry
- \*Includes a free booklet of revision exercises and free online access
- \*Highly illustrated with nearly 1500 figures, images, tables and illustrations
- \*Previous edition published in 2010
