## The Art of Psychotherapy By Anthony Storr

Anthony Storr's accessible and humane account of the art of psychotherapy has been widely read by practitioners in training and others in the helping professions, as well as many general readers. The second edition includes a thoroughly revised account of the obsessional personality, and a new chapter that draws on the author's recent work on the importance of the processes of healing that take place within the isolated individual.

### Editorial Review

#### Review

"... compelling humanistic study." -- *Psychology Today*

"In this new book [Storr] turns his attention to helping the young psychiatrist in training to answer the question, What on earth am I to do? The answer is simple: Begin by reading Dr. Storr's book. . . . This is an excellent book, highly recommended. It will also be of great interest to the experienced clinician who is busy with patients day in and day out." -- *American Journal of Psychiatry*

"Masterful." -- *Boston Globe*

"While explicitly directed toward physicians beginning psychiatric training, 'The Art of Psychotherapy' in fact provides an accessible overview of psychotherapeutic practice. Seldom have 'outsiders' had the opportunity to peer over the therapist's shoulder and into his mind. . . . His writing exhibits that . . . brand of enlightenment and common sense that is likely to surface only after decades of intensive work, accompanied by skillful observation and introspection. Like few other works, 'The Art of Psychotherapy' speaks with one voice to individuals outside the field and to those with well-honed skills." -- *New York Times Book Review*

#### From the Back Cover

This second edition includes a thoroughly revised account of the obsessional personality, and a new chapter that draws on the author's recent work on the importance of the processes of healing that take place within the isolated individual.

#### About the Author

**Anthony Storr** is a distinguished British psychiatrist who has published on a wide range of topics in psychology and psychotherapy. His previous books include *Solitude: A Return to the Self*, and *Jung* (Routledge).

### Users Review

#### From reader reviews:

##### Victor Banister:

Information is provisions for those to get better life, information nowadays can get by anyone from everywhere. The information can be a knowledge or any news even a huge concern. What people must be consider any time those information which is in the former life are hard to be find than now could be taking seriously which one is appropriate to believe or which one often the resource are convinced. If you find the unstable resource then you buy it as your main information it will have huge disadvantage for you. All of those possibilities will not happen within you if you take The Art of Psychotherapy as the daily resource information.

##### Samantha Flowers:
