Windows Registry Forensics, Second Edition: Advanced Digital Forensic Analysis of the Windows Registry By Harlan Carvey

Windows Registry Forensics: Advanced Digital Forensic Analysis of the Windows Registry, Second Edition, provides the most in-depth guide to forensic investigations involving Windows Registry. This book is one-of-a-kind, giving the background of the Registry to help users develop an understanding of the structure of registry hive files, as well as information stored within keys and values that can have a significant impact on forensic investigations. Tools and techniques for post mortem analysis are discussed at length to take users beyond the current use of viewers and into real analysis of data contained in the Registry. This second edition continues a ground-up approach to understanding so that the treasure trove of the Registry can be mined on a regular and continuing basis.

- Named a Best Digital Forensics Book by InfoSec Reviews
- Packed with real-world examples using freely available open source tools
- Provides a deep explanation and understanding of the Windows Registry?perhaps the least understood and employed source of information within Windows systems
- Includes a companion website that contains the code and author-created tools discussed in the book
- Features updated, current tools and techniques
- Contains completely updated content throughout, with all new coverage of the latest versions of Windows

Editorial Review

About the Author

Harlan Carvey is a senior information security researcher with the Dell SecureWorks Counter Threat Unit - Special Ops (CTU-SO) team, where his efforts are focused on targeted threat hunting, response, and research. He continues to maintain a passion and focus in analyzing Windows systems, and in particular, the Windows Registry.

Harlan is an accomplished author, public speaker, and open source tool author. He dabbles in other activities, including home brewing and horseback riding. As a result, he has become quite adept at backing up and parking a horse trailer.

Harlan earned a bachelor's degree in electrical engineering from the Virginia Military Institute, and a master's degree in the same discipline from the Naval Postgraduate School. He served in the United States Marine Corps, achieving the rank of captain before departing the service. He resides in Northern Virginia with his family.

Users Review

From reader reviews:

Julio Yates:

In this 21st centuries, people become competitive in most way.
