Heretic: Why Islam Needs a Reformation Now By Ayaan Hirsi Ali

Continuing her journey from a deeply religious Islamic upbringing to a post at Harvard, the brilliant, charismatic and controversial *New York Times* and *Globe and Mail* #1 bestselling author of *Infidel* and *Nomad* makes a powerful plea for a Muslim Reformation as the only way to end the horrors of terrorism, sectarian warfare and the repression of women and minorities.

Today, she argues, the world's 1.6 billion Muslims can be divided into a minority of extremists, a majority of observant but peaceable Muslims and a few dissidents who risk their lives by questioning their own religion. But there is only one Islam and, as Hirsi Ali shows, there is no denying that some of its key teachings—not least the duty to wage holy war—are incompatible with the values of a free society.

For centuries it has seemed as if Islam is immune to change. But Hirsi Ali has come to believe that a Muslim Reformation—a revision of Islamic doctrine aimed at reconciling the religion with modernity—is now at hand, and may even have begun. The Arab Spring may now seem like a political failure. But its challenge to traditional authority revealed a new readiness—not least by Muslim women—to think freely and to speak out.

Courageously challenging the jihadists, she identifies five key amendments to Islamic doctrine that Muslims have to make to bring their religion out of the seventh century and into the twenty-first. And she calls on the Western world to end its appeasement of the Islamists. “Islam is *not* a religion of peace,” she writes. It is the Muslim reformers who need our backing, not the opponents of free speech.

Interweaving her own experiences, historical analogies and powerful examples from contemporary Muslim societies and cultures, *Heretic* is not a call to arms, but a passionate plea for peaceful change and a new era of global toleration. In the wake of the *Charlie Hebdo* murders, with jihadists killing thousands from Nigeria to Syria to Pakistan, this book offers an answer to what is fast becoming the world's number one problem.

Praise for Infidel: “Brave, inspiring, and beautifully written...Narrated in clear, vigorous prose, it traces the author’s geographical journey from Mogadishu to Saudi Arabia, Ethiopia and Kenya, and her desperate flight to the Netherlands to escape an arranged marriage.” (The New York Times)

“She is absolutely right to raise difficult issues that must be addressed worldwide, especially by Muslims...I hope that this book will help to stimulate vital discussions for the future of Islam, and in fact for the future of humanity.” (Sheikh Dr. Usama Hasan, imam and Islamic scholar)

“Audacious? Quixotic? Visionary? Necessary? All of the above. This an urgent, complicated, risky subject, and Hirsi Ali, valiant, indomitable, and controversial, offers a potent indictment, idealistic blueprint, and galvanizing appeal to both conscience and reason.” (Donna Seaman, *Booklist*)

From the Back Cover

Is Islam A Religion of Peace?

In what is sure to be her most controversial book to date, Ayaan Hirsi Ali makes a powerful case that a religious Reformation is the only way to end the terrorism, sectarian warfare, and repression of women and minorities that each year claim thousands of lives throughout the Muslim world. With bracing candor, the brilliant, charismatic, and uncompromising author of the bestselling *Infidel and Nomad* argues that it is foolish to insist, as our leaders habitually do, that the violent acts of Islamic extremists can be divorced from the religious doctrine that inspires them. Instead we must confront the fact that they are driven by a political ideology embedded in Islam itself.

Today, Hirsi Ali argues, the world's 1.6 billion Muslims can be divided into a minority of extremists, a majority of observant but peaceable Muslims, and a few dissidents who risk their lives by questioning their own religion. But there is only one Islam, and as Hirsi Ali shows, there is no denying that some of its key teachings—not least the duty to wage holy war—inspire violence not just in the Muslim world but in the West as well.

For centuries it has seemed that Islam is immune to historical change. But Hirsi Ali is surprisingly optimistic. She has come to believe that a Muslim "Reformation"—a revision of Islamic doctrine aimed at reconciling the religion with modernity—is at hand, and may even already have begun.

Partly in response to the barbaric atrocities of Islamic State and Boko Haram, Muslims around the world have at last begun to speak out for religious reform. Meanwhile, events in the West, such as the shocking *Charlie Hebdo* massacre, have forced Western liberals to recognize that political Islam poses a mortal threat to free speech. Yet neither Muslim reformers nor Western liberals have so far been able to articulate a coherent program for a Muslim Reformation.

This is where *Heretic* comes in. Boldly challenging centuries of theological orthodoxy, Ayaan Hirsi Ali proposes five key amendments to Islamic doctrine that Muslims must make if they are to bring their religion out of the seventh century and into the twenty-first. She also calls upon the Western world to end its appeasement of radical Islamists—and to drop the bogus argument that those who stand up to them are guilty of "Islamophobia." It is the Muslim reformers who need our backing, she argues, not the opponents of free speech.

Interweaving her own experiences, historical analogies, and powerful examples from contemporary Muslim societies and cultures, *Heretic* is not so much a call to arms as a passionate plea for peaceful change and a new era of global tolerance. As jihadists kill thousands, from Nigeria to Syria to Pakistan, this book offers an answer to what is fast becoming the world's number one problem.
