Proxy By Alex London

“Put down what you’re doing and read this book. Right now. The complex characters, intricate world, and blistering pace are off-the-charts amazing.”
—Marie Lu, author of the Legend trilogy

Syd’s life is not his own. As a proxy he must to pay for someone else’s crimes. When his patron Knox crashes a car and kills someone, Syd is branded and sentenced to death. The boys realize the only way to beat the system is to save each other so they flee. The ensuing cross-country chase will uncover a secret society of rebels, test the boys’ resolve, and shine a blinding light onto a world of those who owe and those who pay.

This fast-paced thrill ride of a novel is full of breakneck action, shocking twists and heart-hammering suspense that will have readers gasping until the very last page.

This edition includes a **exclusive bonus story** featuring Syd and Knox!

“Looking for an awesome YA summer read? Look no further than Alex London’s *Proxy*.” —EW.com

“Whipping Boy + *Blade Runner* with a sprinkling of *The Hunger Games* (plus, of course, a dash of *A Tale of Two Cities*) = a treat for teen SF fans.” —Kirkus Reviews

Editorial Review

From School Library Journal

Gr 8 Up—Knox is a “patron,” a privileged and wealthy citizen of Mountain City. His only concerns are hacking, scoring with girls, and causing trouble while angering his bigwig dad. His proxy, a person who is contractually obligated to serve out Knox's punishments, is a gay teen. In exchange for working as a proxy, Syd is able to pay off his debts. When Knox accidentally kills a girl, 16 years at the Old Sterling Work Colony is too great a punishment for Syd to bear, so he escapes. An action-packed thrill ride ensues where Syd meets up with Knox, who helps him flee. As the pair dive further into their escape plan, new truths are revealed and a growing birthmark that preoccupies Syd turns out to be a secret message uploaded into his DNA by his father. *Proxy* is full of plot twists, and London creates a well-developed dystopian world. Initially, readers will have to overlook coincidental circumstances, such as the fact that Syd and Knox meet when their society forbids it and that they both play important roles in their world. However, the story's rhythm and complexities rush readers through these liberties, and London's novel will grab readers. Recommend it to students who are interested in tech-laden, dystopian science fiction.—Adrienne L. Strock, Chicago Public Library© Copyright 2013.
