Text Atlas of Penile Surgery By Daniel Yachia

This book provides practical surgical solutions to congenital or acquired penile anomalies and diseases to the practicing urologist who encounters them in their daily practice. It also discusses the best way to approach these patients, and how best to evaluate them. Starting from surgical anatomy, through to examining the various types of penile abnormalities that can occur, Daniel Yachia gives easy-to-follow practical details on the procedures he performs to ensure successful outcomes, not as in a "cook book" but by presenting the principles of these surgical procedures. The reader therefore, can see the book as surgeon-to-surgeon advice on the best methods of dealing with the problems surgically, and also of sensitively managing the patients concerns and worries.

Subject: Yachia proposal

Thanks for your email of an outline by Daniel Yachia on a proposed book on "Penile Surgery".

I am surprised that he is hoping to cover both urethral surgery and penile surgery. Obviously the one organ is involved and there is therefore some sense in covering both, but including urethral strictures and all other aspects of urethral surgery is a huge undertaking for a single author (or is it multi author ?).

The table of contents is certainly comprehensive and I cannot think of anything significant he has omitted.

Dr Yachia is, as you will know, a very well known Urologist on the International scene. He has a wealth of experience in this particular field and, perhaps most importantly, has considerable experience of producing excellent and well reviewed Urology textbooks.

I have no doubt that a book on these lines by Dr Yachia would be a useful addition to the literature and would sell well.

Euan Milroy.

Users Review

From reader reviews:

Richard Simpson:

Playing with family inside a park, coming to see the sea world or hanging out with buddies is thing that usually you might have done when you have spare time, after that why you don't try issue that really opposite from that. 1 activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love Text Atlas of Penile Surgery, it is possible to enjoy both. It is great combination right, you still desire to miss it? What kind of hang type is it? Oh come on its mind hangout guys. What? Still don't obtain it, oh come on its identified as reading friends.

Lyle Morales:

This Text Atlas of Penile Surgery is great book for you because the content which can be full of information for you who have always deal with world and have to make decision every minute. This particular book reveal it data accurately using great arrange word or we can say no rambling sentences in it. So if you are read this hurriedly you can have whole info in it. Doesn't mean it only gives you straight forward sentences but difficult core information with lovely delivering sentences. Having Text Atlas of Penile Surgery in your hand like having the world in your arm, info in it is not ridiculous one. We can say that no e-book that offer you world throughout ten or fifteen small right but this publication already do that. So , this really is good reading book. Hey Mr. and Mrs. occupied do you still doubt that will?

Kerry Giles:

Reading a book to become new life style in this 12 months; every people loves to read a book. When you study a book you can get a great deal of benefit. When you read ebooks, you can improve your knowledge, due to the fact book has a lot of information on it. The information that you will get depend on what kinds of book that you have read. If you want to get information about your examine, you can read education books, but if you act like you want to entertain yourself you can read a fiction books, such us novel, comics, in addition to soon. The Text Atlas of Penile Surgery offer you a new experience in studying a book.

Jane Mansour:

This Text Atlas of Penile Surgery is completely new way for you who has attention to look for some information given it relief your hunger details. Getting deeper you upon it getting knowledge more you know or perhaps you who still having bit of digest in reading this Text Atlas of Penile Surgery can be the light food in your case because the information inside that book is easy to get simply by anyone. These books develop itself in the form and that is reachable by anyone, yeah I mean in the e-book type. People who think that in reserve form make them feel tired even dizzy this book is the answer. So there isn't any in reading a guide especially this one. You can find actually looking for. It should be here for you. So , don't miss that! Just read this e-book sort for your better life and knowledge.
