Editorial Review

From the Publisher

This invaluable work offers new hope to the 20 million sufferers from chronic respiratory disorders, teaching them how to self-manage the disease and lead happy, healthy lives. In an easy-to-follow style, readers are shown how to tailor a rehabilitation program to their life-style. Highlights include: comprehensive and practical guidance featuring the latest techniques developed at one of the nation's top clinics; rehabilitation programs that slow the progress of the disease at any age and dramatically improve the quality of life; selecting the right medication; finding the right doctor; managing stress and anxiety; physical therapy; job retraining; an appendix of community and public resources and a guide to other information sources.
