Editorial Review

Review

"This volume provides an in-depth breakdown of nearly 100 books in a variety of categories. Each selection features a title summary, suggested page numbers for read-aloud moments, a sample booktalk, invaluable connections to the school curriculum, and related works. Each category, such as "Problem Solving: Mystery" and "Heritage: Historical Books," also includes several helpful subcategories, including "Loyalty" and "Equality." The book includes notable award-winning books, but also features lesser-known titles that would be of value to teachers hoping to connect fiction to their lesson plans. " - **School Library Journal**

"School libraries should consider this well-designed time-saver an essential purchase." - **VOYA**
