Editorial Review

About the Author
Valentin Nicolescu studied business information management at the University of Hohenheim, Germany. Since 2003, he has worked at the SAP University Competence Center (SAP HCC) at the Technische Universität München (TUM), Germany, where he is responsible for the operation of SAP training systems for higher education throughout Germany and for providing SAP training to higher education teachers. In addition to his focus on components of the SAP NetWeaver technology platform, he is involved in traditional ERP training with SAP R/3 and SAP ERP. He is a certified SAP technology and development consultant XI and a technology consultant Web AS and Enterprise Portal.

Matthias Heiler holds a degree in physics and is a Solution Sales Executive at SAP AG in Walldorf, Germany. After his studies, he worked as a mainframe application developer in the aviation industry, and then as a project manager on international projects in the areas of banking and automotive for a US consulting firm. He has worked at SAP since 1995, first as a trainer in the area of SAP Basis (R/2 and R/3), and then switched to the Sales area in 1999. Today, his focus area is service-oriented architectures, particularly integration platforms and business process management. He also lectures in business processes with SAP systems at the International University of Bruchsal, Germany.

Florian Visintin studied information technology, with economics as his minor subject, at Technische Universität München. He is now a Development Consultant working mainly in the area of SAP NetWeaver. During his studies, he worked in a number of companies including Pentos AG in the area of Lotus Notes, focusing on the SAP NetWeaver Exchange Infrastructure.

Professor Burkhardt Funk studied physics and information technology at the universities of Kiel, Würzburg and Stony Brook (USA). After obtaining his PhD degree, he began work in 1997 at McKinsey & Company, where he was a consultant in the areas of retail banking and e-business for international banking institutions. In 2000, he founded his own company. Today, Burkhardt Funk is Professor of Information Management at the University of Lüneburg, Germany. At the Institute for Electronic Business Processes, his areas of work include the business process-oriented integration of business IT systems and the application of web service-based technologies. He is also a managing partner of the Gesellschaft für Wirtschaftsinformatik Lüneburg mbH (Lüneburg Society for Information Management (GWIL)), the main activity of which is carrying out development-intensive projects in the SAP area.

Dr. Holger Wittges obtained his PhD degree from the University of Hohenheim, Germany, under the supervision of Professor Krcmar and with the topic "Connecting Business Process Modeling and Workflow Implementation". He then worked for three years as an IT project leader with debitel AG in Stuttgart, Germany. Since 2004, he has been operations head of the SAP Hochschul Competence Center (SAP University Competence Center (SAP HCC)) at Technische Universität München. His current research areas are standard software, serviceoriented architectures, and performance metrics in ERP systems. He is also a certified Technology Consultant for SAP NetWeaver—Enterprise Portal & Knowledge Management.

Benedikt Kleine Stegemann studied information management at the University of Lüneburg, Germany. During his studies, he also worked for a number of companies, including Infracor GmbH (Degussa group) and Airbus Deutschland GmbH in Hamburg. He is now a Development Consultant with GWIL GmbH and

works mainly on development projects in the SAP area.

Professor Peter Niemeyer studied mathematics at the University of Ulm and the Technical University of Berlin, Germany. He began work at SAP AG after obtaining his PhD degree in 1996. Initially, he spent many years as an application developer in the Financials area of SAP, and then became a Software Consultant, handling several development-oriented projects for national and international companies. Today, Peter Niemeyer is Professor of Information Management at the University of Lüneburg, Germany. At the Institute for Electronic Business Processes, his areas of work include application development on the basis of ERP systems, and the business process-oriented integration of business IT systems. He is also a managing partner of the Gesellschaft für Wirtschaftsinformatik Lüneburg mbH (Lüneburg Society for Information Management (GWIL)), the main activity of which is carrying out development-intensive projects in the SAP area.

Thomas Morandell studied information technology, with mathematics as his minor subject, at Technische Universität München. During his studies he worked at a number of companies, including OSRAM GmbH. He is now a Development Consultant at SPV AG, and focuses mainly on products of the SAP NetWeaver platform.

Users Review

From reader reviews:

Benjamin Aldridge:

What do you in relation to book? It is not important to you? Or just adding material when you really need something to explain what your own problem? How about your free time? Or are you busy man or woman? If you don't have spare time to try and do others business, it is gives you the sense of being bored faster. And you have spare time? What did you do? Everyone has many questions above. The doctor has to answer that question mainly because just their can do that will. It said that about e-book. Book is familiar on every person. Yes, it is correct.
