The Big Picture By Douglas Kennedy

On the face of it, Ben Bradford is your standard Wall Street hot shot - Junior partner in a legal firm, 6 figure income, wife and two young kids straight out of a Gap catalogue. But along with the WASP lifestyle comes the sting - Ben hates it. He wants - has always wanted - to be a photographer. When he discovers his wife is playing outside the ground, the consequences of a moment of madness force him to question not just the design of his life but the price of fulfilment. Because finding yourself means nothing when you're pretending to be someone else. From the picket fences of yuppie New England to Montana's untouched splendour, THE BIG PICTURE spans states and states of mind in a thrilling novel of genuine originality.

Editorial Review

Amazon.com Review

Oscar Wilde once said that the only real tragedy in life is getting what you want. Ben Bradford, the protagonist of Douglas Kennedy's new novel, *The Big Picture*, is living proof of that adage. At the start of Kennedy's novel, Ben Bradford would appear to have it all: a beautiful wife, a big suburban home, two kids and a partnership in a prestigious New York law firm. But Ben's heart lies neither with his family nor his career. Instead, he dreams of being a photographer, and when he discovers his wife is having an affair with the man next door--who happens to be a photographer--Ben snaps and commits an act that will commit *him* to a whole new way of life, forever.

Kennedy threads his tale of obsession, murder, and identity with themes that resonate strongly today: what compromises are worth making? What sacrifices require too much? *The Big Picture* is both a thriller and a cautionary tale concerning the complexities of modern life.

From Publishers Weekly

This astonishingly assured first novel, by an American working in London as a journalist, has a breathless readability that is rare--particularly as it seems at first to cover pretty familiar territory. Ben Bradford is a Wall Street lawyer living a comfortable life in Connecticut, with a wife and two small children, but he seems to be heading, rather early, for a midlife crisis. He had always wanted to be a photographer, still putters around at it, but feels his life is ebbing away. Beth, his wife, a frustrated novelist, is increasingly estranged from him. Then Ben discovers she has taken a lover--ironically, another failed photographer--and in a confrontation with the man, Gary Summers, Ben's accumulated rage leads to a moment of murderous madness. Both Beth's infatuation with Gary and Ben's maniacal rage seem rather out of character, but with that caveat, the rest of this headlong novel grips like a vise as Ben carefully covers up his crime, disappears and takes on his victim's identity. *The Big Picture* has to be the most careful and imaginative exploration of such a situation ever penned, from the details of how one convincingly contrives an apparent accidental death to the minutiae of building a new life, unrecognized, in a far place. In Ben's case, it is a small town in Montana, and his born-again existence there is rich in ironies, from his eventual success as a photographer to his ultimate need to disappear yet again. The book is more than just a compelling read: it also has poignant and moving things to say about lost opportunities and wasted lives in America, the cynical quality of sudden fame, the awfulness of willed separation from deeply loved children. There is a lot of excitement in the air about Kennedy's novel, and it is thoroughly justified. 400,000 first printing; \$750,000 ad/promo; Literary Guild and Doubleday Book Club selection; film rights to Fox2000

From Library Journal

Ben Bradford is a successful lawyer with a wife, two children, and a house in the suburbs. He is also obsessed by his dream of becoming a photographer. Forced to confront the reality of his crumbling marriage and professional life, he struggles ineffectually to regain control. One out-of-control moment ends in death. Horrified, he wallows in self-pity as he methodically tries to cover his tracks and recover his previously despised lifestyle. The literate prose, competently read by Cotter Smith, cannot compensate for the shallowness of the characters in this abridged version. Still, this classic suburban tragedy may appeal to the many listeners who enjoy social commentary associated with violence. Recommended for larger recreational collections. ?I. Pour-El, Iowa State Univ. Lib., Ames

Users Review

From reader reviews:

Peter Wilson:

Why don't make it to be your habit? Right now, try to prepare your time to do the important behave, like looking for your favorite publication and reading a reserve. Beside you can solve your short lived problem; you can add your knowledge by the guide entitled The Big Picture. Try to make the book The Big Picture as your pal. It means that it can to become your friend when you really feel alone and beside regarding course make you smarter than ever. Yeah, it is very fortuned for you. The book makes you much more confidence because you can know anything by the book. So , we need to make new experience along with knowledge with this book.

Nancy Jones:

The book The Big Picture can give more knowledge and information about everything you want. Exactly why must we leave the best thing like a book The Big Picture? Some of you have a different opinion about guide. But one aim in which book can give many facts for us. It is absolutely correct. Right now, try to closer along with your book. Knowledge or data that you take for that, you may give for each other; you are able to share all of these. Book The Big Picture has simple shape however you know: it has great and large function for you. You can seem the enormous world by open up and read a book. So it is very wonderful.

Brenda Seddon:

What do you regarding book? It is not important together with you? Or just adding material if you want something to explain what the one you have problem? How about your time? Or are you busy man or woman? If you don't have spare time to do others business, it is gives you the sense of being bored faster. And you have time? What did you do? Everyone has many questions above. They should answer that question due to the fact just their can do this. It said that about guide. Book is familiar in each person. Yes, it is appropriate. Because start from on kindergarten until university need that The Big Picture to read.

Frederick Cagle:

Reading a publication tends to be new life style in this particular era globalization. With looking at you can get a lot of information which will give you benefit in your life. Along with book everyone in this world can easily share their idea. Books can also inspire a lot of people. Lots of author can inspire their reader with their story or maybe their experience. Not only the storyline that share in the publications. But also they write about the ability about something that you need case in point. How to get the good score toefl, or how to teach your kids, there are many kinds of book that exist now. The authors these days always try to improve their skill in writing, they also doing some research before they write for their book. One of them is this The Big Picture.
