Editorial Review

Review

"The Mars Project is timely... von Braun's views, seen today against the debate over the role of the shuttle, the development of Space Station Freedom, and the proposal to land Earthlings on Mars early in the next century, raise questions that we still seek to answer."-Jannelle Warren-Findley, co-editor of A Documentary History of the Space Age

Language Notes

Text: English (translation)

Original Language: German

About the Author

The late Wernher Von Braun came to the United States in 1945, after having been chiefly responsible for the development of Germany's V-2 rockets. He was director of the George C. Marshall Space Flight Center, National Aeronautics and Space Administration (NASA), Huntsville, Alabama. He received eight honorary degrees for his contributions to America's missile and space programs. Thomas O. Paine is a former NASA administrator

Users Review

From reader reviews:

Michelle Porter:
