**When the Air Hits Your Brain: Tales from Neurosurgery** By Frank T. Vertosick Jr.

**The story of one man's evolution from naive and ambitious young intern to world-class neurosurgeon.**

With poignant insight and humor, Frank Vertosick Jr., MD, describes some of the greatest challenges of his career, including a six-week-old infant with a tumor in her brain, a young man struck down in his prime by paraplegia, and a minister with a .22-caliber bullet lodged in his skull. Told through intimate portraits of Vertosick's patients and unsparing yet fascinatingly detailed descriptions of surgical procedures, *When the Air Hits Your Brain*?the culmination of decades spent struggling to learn an unforgiving craft?illuminates both the mysteries of the mind and the realities of the operating room.

## **Editorial Review**

### **Users Review**

#### **From reader reviews:**

##### **Jason Urso:**

The book When the Air Hits Your Brain: Tales from Neurosurgery can give more knowledge and information about everything you want. Exactly why must we leave the best thing like a book When the Air Hits Your Brain: Tales from Neurosurgery? Some of you have a different opinion about publication. But one aim that book can give many data for us. It is absolutely appropriate. Right now, try to closer along with your book. Knowledge or information that you take for that, it is possible to give for each other; you could share all of these. Book When the Air Hits Your Brain: Tales from Neurosurgery has simple shape but the truth is known: it has great and large function for you. You can seem the enormous world by open up and read a reserve. So it is very wonderful.

##### **Robert Farley:**

As people who live in often the modest era should be up-date about what going on or data even knowledge to make them keep up with the era which is always change and make progress. Some of you maybe will update themselves by reading through books. It is a good choice for you personally but the problems coming to you actually is you don't know which you should start with. This When the Air Hits Your Brain: Tales from Neurosurgery is our recommendation to cause you to keep up with the world. Why, as this book serves what you want and need in this era.

##### **Mary Salas:**

As a pupil exactly feel bored to help reading. If their teacher questioned them to go to the library or make summary for some publication, they are complained. Just very little students that has reading's soul or real their passion. They just do what the educator want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that examining is not important, boring and can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this When the Air Hits Your Brain: Tales from Neurosurgery can make you really feel more interested to read.

##### **Griselda Gonzalez:**

What is your hobby? Have you heard this question when you got pupils? We believe that that problem was given by teacher on their students. Many kinds of hobby, Everyone has different hobby. And you know that

little person just like reading or as examining become their hobby. You must know that reading is very important and also book as to be the matter. Book is important thing to include you knowledge, except your teacher or lecturer. You see good news or update in relation to something by book. Numerous books that can you choose to adopt be your object. One of them are these claims When the Air Hits Your Brain: Tales from Neurosurgery.
