Dracula, Prince of Many Faces: His Life and His Times By Radu R Florescu, Raymond T. McNally

Dracula, Prince of Many Faces reveals the extraordinary life and times of the infamous Vlad Dracula of Romania (1431 - 1476), nicknamed the Impaler. Dreaded by his enemies, emulated by later rulers like Ivan the Terrible, honored by his countrymen even today, Vlad Dracula was surely one of the most intriguing figures to have stalked the corridors of European and Asian capitals in the fifteenth century.

Editorial Review

From Publishers Weekly

The fictional Dracula of Bram Stoker's novel is better known than the actual Vlad Dracula the Impaler, who ruled as prince of Wallachia for three brief periods in the mid-15th century. This study by two Boston College professors who have written other books about Dracula explores how the legend of the Transylvanian vampire arose. As a ruler, Dracula spread terror far and wide, inflicting appalling tortures on his victims, killing them by impalement, by boiling or skinning them alive. Yet when the time came to defend Europe against Turkish invaders, he led the battle, and the authors view him as "the first modern Renaissance prince of the land." Florescu and McNally offer so much detail about the battles of kings, princes, princelings and claimants to thrones that the book will appeal only to the most ardent Dracula fanatics. Illustrations not seen by PW.

From Library Journal

Dracula is the third book that Florescu and McNally, both historians at Boston College, have written about either the real Dracula or the legendary vampire (*Dracula: A Historical Biography of the Impaler, 1431-1476* , Hawthorn, 1973; LJ 2/1/74). This scholarly work focuses almost exclusively upon the "real" Dracula, a 15th-century Romanian prince. The authors present him as a multifaceted figure, a national hero still revered for defending Romania from the Turks, yet also a psychopath who used his power indiscriminately to torture and murder thousands of his enemies and subjects. Because of the constant interest in the occult (especially in the vampire Dracula), public libraries will want this for popular collections. Because of its sound treatment of an important figure in Eastern European history, academic libraries also should consider. - *Ann H. Sullivan, Tompkins Cortland Community Coll. Lib., Dryden*,
