Walking Among Us: The Alien Plan to Control Humanity By David M. Jacobs PhD

In his 1998 book, *The Threat*, Jacobs uncovered disconcerting reports about aliens' plans for the future of Earth. He reported that a "change" is coming; a future when very human-like hybrids would intermingle with humans in everyday life. "Soon we will all be together," the aliens said. "Soon everyone will be happy and everyone will know his place."

This book examines a disturbing phenomenon that Jacobs began noticing in 2003. The alien integration action plan has kicked into high gear. The incidents of alien abductions have accelerated as have occurrences of alien involvement in everyday human life. A silent and insidious invasion has begun. Alien hybrids have moved into your neighborhood and into your workplace. They have been trained by human abductees to "pass," to blend in to society, to appear as normal as your next door neighbor.

This book illustrates in detail the process of alien integration into society and the strategy and support structure that has been developed to make this happen seamlessly. While he is not certain why they are doing it, the final chapter of the book will provide some chilling possible answers as to why they are here and what they want to accomplish.

Jacobs is a careful researcher who has investigated more than 1150 abduction events experienced by more than 150 abductees. This book focuses on the experiences of thirteen abductees.

Editorial Review

Review

"David Jacobs has spent his career as a history professor at a major university, and--what matters most of all--he backs his claims with an impressive mass of evidence....Jacobs treats his subject with ethnographic depth and detail, but without academic ponderousness." --**Thomas E. Bullard, PhD**, board member, Center for UFO Studies and Fund for UFO Research and author of *UFO Abductions: The Measure of a Mystery*

"Once we accept the extraterrestrial origin of UFOs and that the beings can act purposefully as rational beings invariably do, it is only a small step from UFO phenomena to the co-residency of the two species. It is this logical consistency that makes *Walking Among Us* constantly grip our imagination with such vengeance." --**Young-hae Chi, D Phil**, faculty of Oriental studies, University of Oxford

"*Walking Among Us* is a chronicle of human experience that contradicts every current theory about the universe that we think we live in. Jacobs' human observers have experienced a concealed reality that is literally next door to some of us, and that he believes is about to interact, secretly and insidiously, with the rest of us. *Walking Among Us* explains why extraterrestrial UFOs are here, who is aboard them, and what they are doing. To put it mildly, the evidence from the people that Jacobs has interviewed shows that the extraterrestrials are up to no good. You will find *Walking Among Us* hard to put down. If enough of us read and pay attention to the evidence in this book, we might be able to avoid the disaster that its evidence portends." --**Don C. Donderi, PhD**, associate professor (retired) of psychology, McGill University, Montreal, author of *UFOs, ETs, and Alien Abductions*

"David Jacobs has written an extremely important book about UFO abductees and the meaning of their abductions." --**Ron Westrum, PhD**, emeritus professor of sociology, Eastern Michigan University
