### Advanced Swing Trading: Strategies to Predict, Identify, and Trade Future Market Swings By John Crane, Marketplace Books

Real trading strategies for making a killing in today's volatile markets  
Advanced Swing Trading reveals the strategies used by George Soros, Warren Buffett and other high-profile traders to reap whirlwind profits in today's volatile markets. With the demise of day trading, traders are searching for new methods of exploiting the unprecedented volatility of post-9/11 securities markets. The most successful of these methods so far has been swing trading, a powerful technical approach that allows traders to profit from shorter-term price moves, ranging from several days to a couple of months. In Advanced Swing Trading, veteran trader and leading trading coach, John Crane clearly describes his original Action/Reaction swing trading system. With the help of numerous real-world examples, Crane clearly delineates his system and shows readers how to use it to consistently to gain big returns in even the shakiest of markets. John Crane (Loveland, CO) is the founder of Traders Network, a firm providing brokerage service and educational training products for smart investors. His monthly columns have appeared in Futures Options magazine, and articles about his trading strategies have appeared in Barron's, Consensus, and The Wall Street Journal.

### Editorial Review

#### Review

“Crane’s publication adds to the relatively limited amount of literature on a valuable subject.” (*The Technical Analyst*, May 2004)

#### From the Inside Flap

The essential ingredients required for swing trading have been around for decades. The fact is that as long as human behavior remains the same, market behavior will be the same. As a result of this natural phenomenon, every market—whether it be stocks or commodities—offers swing trading opportunities. But finding these opportunities and capitalizing on them can be a daunting task if you’re unprepared.

In *Advanced Swing Trading*, John Crane, a veteran trader and cofounder of Traders Network, discusses his work with Action/Reaction trading theory, and illustrates a whole new way of using time, price, and patterns to predict, identify, and trade future market swings. Chapter by informative chapter, you’ll be introduced to the concepts that encompass this proven method, including:

- Market behavior
- Reaction swings
- Swing trading reaction swings
- The Reaction cycle
- Action and reaction lines
- Entering and exiting trades
- Reversal dates
- Long-term versus short-term trends
- And much more

*Advanced Swing Trading* deals with Action/Reaction theory by combining price levels, timing methods, and confirmation patterns that strengthen the predictability of future market moves. This practical and revealing book takes a step-by-step look at the Action/Reaction theory and shows you how to profit as markets go through a complete and predictable cycle that is known as the Reaction cycle. Using this technique, you’ll learn how to predict the beginning of a new trend and then project the time and price of the center and end of new trends.

By using unique techniques such as action lines and reaction lines within the Reaction cycle, you’ll also discover how to predict the time and price of major market reversals. With this knowledge in hand, you’ll know whether the market is going to make a major turn or if it’s only going to make a small correction against the prevailing trend.

Packed with proven strategies from a respected veteran, real-world examples and clear-cut charts, *Advanced Swing Trading* provides an in-depth overview of the art of swing trading. This comprehensive book offers you the step-by-step guidance that will allow you to apply powerful swing trading techniques to any portfolio—without making it a full-time job—and gives today’s investors fresh new methods needed to consistently improve their bottom line.

#### From the Back Cover

"Swing trading is one of the hottest—and most effective—tools for today's active traders, and John Crane brings a fresh new perspective and a true trading edge to this important concept."

—Jonathan Dean, Vice President, FutureSource

"We've long touted the benefits of this powerful investment strategy at MrSwing.com, and John Crane's new work makes an excellent addition to the body of educational material available on swing trading. His cutting-edge techniques are right on the money."

—Larry Swing, MrSwing.com
