### Editorial Review

#### Amazon.com Review

Although this book was around when many of today's parents were youngsters, it has remained a steadfast must-have in every toddler's library. For starters, it's a great vocabulary guide that names the many things that go (and some that haven't a prayer of going, but are great fun to imagine anyway). It's also teeming with detail-rich scenes and characters on every page, teaching children the rewards of looking long and closely (such as finding the hidden "Goldbug" in each spread). Along the way it entertains with the silly and slapstick--everything from toothpaste and toothbrush cars to six fire department vehicles that show up to extinguish a ladybug-size fire in a miniature pink convertible. What's most amazing about this book, however, is its longevity. When you purchase it for your fledgling talker, you should consider it an investment. Even 11-, 12-, and 13-year-olds are known to pore over the book nostalgically, cooing at Lowly Worm and eagerly tracking Officer Flossie's book-long chase after that irresponsible, speedster driver in a cowboy hat. (Ages 2 and older) --*Gail Hudson*

#### From the Back Cover

This book is about objects with wheels that can roll.

#### About the Author

RICHARD SCARRY is one of the world's best-loved children's authors EVER! In his extraordinary career, Scarry illustrated over 150 books, many of which have never been out of print. His books have sold over 100 million copies around the world, and are currently published in over twenty languages. No other illustrator has shown such a lively interest in the words and concepts of early childhood. Richard Scarry was posthumously awarded a Lifetime Achievement Award from the Society of Illustrators in 2012.

### Users Review

#### From reader reviews:

##### Alejandro Jones:
