While I'm Falling By Laura Moriarty

In *While I'm Falling*, Laura Moriarty presents a compelling depiction of how one young woman's life changes when her family breaks up for good. Ever since her parents announced that they're getting divorced, Veronica has been falling. Hard. She has fallen in love. A junior in college, she has fallen behind in her difficult coursework. She hates her job as counselor at the dorm, and she longs for the home that no longer exists. When an attempt to escape the pressure, combined with bad luck, lands her in a terrifying situation, a shaken Veronica calls her mother for help--only to find her former foundation too preoccupied to offer any assistance at all. But Veronica only gets to feel hurt for so long. Her mother shows up at the dorm with a surprising request--and with the elderly family dog in tow. Boyfriend complications ensue, along with her father's sudden interest in dating. Veronica soon finds herself with a new set of problems, and new questions about love and independence. Darkly humorous, beautifully written, and filled with crystalline observations about how families fall apart, *While I'm Falling* takes a deep look at the relationship between a daughter and a mother when one is trying to grow up and the other is trying to stay afloat.

Editorial Review

From Publishers Weekly

Moriarty exposes the underbelly of family strife in this coming-of-age college drama set near Lawrence, Kans. One day, Veronica Von Holten is happy, med-school bound, in love with her boyfriend and not far from her supportive family. Then her father finds another man in the bed he shares with his wife of 26 years. As a messy divorce ensues, Veronica struggles to keep her own life in check while her mother's unravels, and a car accident, a house-sitting gig gone bad and an illicit kiss turn Veronica's personal life upside down. Things come to a head when her mother shows up on Veronica's dorm doorstep with the elderly family dog, Bowzer. Veronica is faced with the difficult task of navigating personal strife on top of her family's struggle to define itself anew. Moriarty (*The Rest of Her Life*) delves into this realistic but narrow world with an inviting honesty and creates a cast of vivid and flawed characters that will hold readers rapt with a queasy sense of unease.
