### Now You See Her By Linda Howard

A talented painter in her early thirties, Samille Sweeney has achieved enviable success: her work sells at an exclusive New York City gallery and her popularity is at an all-time high. Sweeney, as she is called by those close to her, loves her work and is content with her life.

Then she begins to experience the dreams -- lush, vivid dreams drenched in vibrant hues -- which are influencing her artwork. But the true dangers of her visions are about to be revealed where Sweeney least expects it: in her paintings. After a creative frenzy she can barely recall, Sweeney discovers she has rendered a disturbing image -- a graphic murder scene. When a real-life murder mirrors her creation, Sweeney is thrust into suspicious light. Now, with every stroke of her brush, she risks incriminating herself with her inexplicable knowledge of a deadly crime.

With the breathless excitement that distinguishes all of her blockbusters, Linda Howard grips the imagination and touches the heart as only she can in *Now You See Her*.

## **Editorial Review**

### **Amazon.com Review**

Linda Howard's new romantic thriller, her hardcover debut, brings psychic phenomena, hot sex, and deadly danger into the life of an appealing young artist. Paris Sweeney, who calls herself Sweeney, is living a pared-down existence devoted to painting when she begins to see ghosts. Worse, she starts painting disturbing images while sleepwalking, then wakes with an unnatural, bone-deep chill that can only be dispelled by direct body contact with the unexpected new man in her life--Richard Worth, the soon-to-be ex-husband of the gallery owner who sells Sweeney's work. Then Sweeney realizes she's painting the picture of a murder victim, just before the actual crime takes place. Can she stop the killing before it happens? And if not, is she destined to become either the prime suspect or the murderer's next victim? Howard keeps the suspense streamlined and straightforward, focusing equally on the relationship between the sympathetic Sweeney, whose dreadful growing-up years forced her to become more independent than is good for her, and Richard, whose drive to leave his old life behind matches his determination to make Sweeney part of his future. A sensual, page-turning diversion that's sure to win the author new fans.

### **From Library Journal**

When artist Paris Sweeney starts seeing ghosts on the street, guessing the Jeopardy answers before the clues are shown, and making street lights turn green every time she approaches, she thinks her life couldn't get any stranger. Then she goes into a trance and paints a graphic murder scene the night it happens. When she starts painting another partial murder scene, she finds that the only person she can trust is Richard Worth, the wealthy and powerful ex-husband of the woman who has made Sweeney's career as an artist successful. Talia Balsam's reading is clear and expressive, never intruding on the story. The recording itself is expertly edited, with well-trimmed side breaks and adequate pauses between scenes. Recommended. A Adrienne Furness, Lockport P.L., NY
