One Hundred Years of General Relativity: From Genesis and Empirical Foundations to Gravitational Waves, Cosmology and Quantum Gravity (In 2 Volumes) By Edited by: Wei-Tou Ni

The aim of this two-volume title is to give a comprehensive review of one hundred years of development of general relativity and its scientific influences. This unique title provides a broad introduction and review to the fascinating and profound subject of general relativity, its historical development, its important theoretical consequences, gravitational wave detection and applications to astrophysics and cosmology. The series focuses on five aspects of the theory:

- Genesis, Solutions and Energy
- Empirical Foundations
- Gravitational Waves
- Cosmology
- Quantum Gravity

The first three topics are covered in Volume 1 and the remaining two are covered in Volume 2. While this is a two-volume title, it is designed so that each volume can be a standalone reference volume for the related topic.

Readership: Graduate students and researchers interested in general relativity.

Users Review

From reader reviews:

Amy Davis:

The reserve with title One Hundred Years of General Relativity: From Genesis and Empirical Foundations to Gravitational Waves, Cosmology and Quantum Gravity (In 2 Volumes) has a lot of information that you can understand it. You can get a lot of gain after read this book. This particular book exist new knowledge the information that exist in this reserve represented the condition of the world at this point. That is important to yo7u to be aware of how the improvement of the world. This book will bring you throughout new era of the glowbal growth. You can read the e-book on the smart phone, so you can read the item anywhere you want.

James Bassler:

Beside this particular One Hundred Years of General Relativity: From Genesis and Empirical Foundations to Gravitational Waves, Cosmology and Quantum Gravity (In 2 Volumes) in your phone, it could give you a way to get more close to the new knowledge or details. The information and the knowledge you will got here is fresh from your oven so don't end up being worry if you feel like an previous people live in narrow town. It is good thing to have One Hundred Years of General Relativity: From Genesis and Empirical Foundations to Gravitational Waves, Cosmology and Quantum Gravity (In 2 Volumes) because this book offers for you readable information. Do you often have book but you don't get what it's facts concerning. Oh come on, that will not end up to happen if you have this within your hand. The Enjoyable set up here cannot be questionable, just like treasuring beautiful island. Techniques you still want to miss it? Find this book in
