**Public Health Nursing: Population-Centered Health Care in the Community, 8e** By Marcia Stanhope RN DSN FAAN, Jeanette Lancaster RN PhD FAAN

Now in its 8th edition, the "gold standard" in community health nursing provides comprehensive and up-to-date content to keep you at the forefront of the ever-changing community health climate and prepare you for an effective nursing career. In addition to a solid foundation in concepts and interventions for individuals, families, and communities, you will find real-life applications of the public nurse's role, *Healthy People 2020* initiatives, new chapters on forensics and genomics, plus timely coverage of disaster management and important client populations such as pregnant teens, the homeless, immigrants, and more.

- ***Evidence-Based Practice* boxes** illustrate how the latest research findings apply to public/community health nursing.
- **Separate chapters on disease outbreak investigation and disaster management** describe the nurse's role in surveilling public health and managing these types of threats to public health.
- **Separate unit on the public/community health nurse's role** describes the different roles and functions of the public/community health nurse within the community.
- ***Levels of Prevention* boxes** show how community/public health nurses deliver health care interventions at the primary, secondary, and tertiary levels of prevention.
- ***What Do You Think?, Did You Know?, and How To?* boxes** use practical examples and critical thinking exercises to illustrate chapter content.
- ***The Cutting Edge*** highlights significant issues and new approaches to community-oriented nursing practice.
- ***Practice Application*** provides case studies with critical thinking questions.
- **Separate chapters on community health initiatives** thoroughly describe different approaches to promoting health among populations.
- **Appendices** offer additional resources and key information, such as screening and assessment tools and clinical practice guidelines.
- ***Linking Content to Practice* boxes** provide real-life applications for chapter content.

- **NEW! *Healthy People 2020* feature boxes** highlight the goals and objectives for promoting health and wellness over the next decade.
- **NEW! *The Nurse in Forensics* chapter** focuses on the unique role of forensic nurses in public health and safety, interpersonal violence, mass violence, and disasters.
- **NEW! *Genomics in Public Health Nursing* chapter** includes a history of genetics and genomics and their impact on public/community health nursing care.
