### Editorial Review

#### Review

"...covers...getting trees from forest to fireplace with such enthusiasm...that you'll find yourself hankering to swing a maul."—Mary Beth Breckenridge, Akron Beacon Journal, Nov. 11, 2006

"If your favorite wood-gatherer is getting a new ax or chainsaw this winter, make him read this book FIRST."

*Spokane Spokesman-Review*

"...an excellent guide to harvesting, splitting, stacking, and burning wood for fuel."

*BackHome Magazine*

#### From the Back Cover

Frank and Stephen Philbrick, enthusiastic and skilled lumberjacks, explain what it takes to bring a tree from forest to fireplace. Part hard work, part pure chain saw satisfaction, *The Backyard Lumberjack* is your complete guide to bringing in the wood.

**Felling:** It all begins here, where the chain saw meets the tree. Choose an appropriate wood source and bring it down safely.

**Bucking:** Now that you've got the tree horizontal, work your way up the trunk, cutting it into stove-length pieces.

**Splitting:** Trade your chain saw for a maul and start swinging. You can't burn until you have split and dried your wood.

**Stacking:** Decide which kind of woodpile works for you and stack it up. Keep in mind that the only goals here are to let the wood dry and to keep it from falling over. The level of artistry you bring to the project is up to you.

Burning: Choose your heating method, lay a perfect fire, and feel the burn.

It's all here, from choosing the perfect chain saw to managing a woodlot to safely enjoying the pleasures of a backyard bonfire. Just don't forget your safety gear!

#### About the Author

Frank Philbrick lives in New York and competes in lumberjack events around the country.

Stephen Philbrick, lives in Massachusetts, where he manages 120 acres of woodlot.

#### Users Review

##### From reader reviews:

###### **Gregory Proctor:**
