Why Switzerland? 2nd Edition By Jonathan Steinberg

Why Switzerland?, first published in 1976, offers a unique analysis of the structures that make Switzerland work and provides a short, concise "working model" for the visitor or student. Linking an analysis of the microeconomy to the major features in politics, history, religion and language, it shows how a "bottom up" society has survived in a world of "top down" states. For this new edition Jonathan Steinberg has completely revised and extended his text, and a number of unusual and attractive illustrations have been added.
